## *Program Assistants TRAINING*

PA training will be held in September. If you are 11 years of age or older and would like to help out by assisting the Coaches during Canskate then come and join us. The Program Assistant position was developed to provide a volunteer experience for skaters to assist the club with their CanSkate program. There are specific Canskate sessions that you may select to volunteer for. This training session will be an opportunity to develop your leadership skills. If you have any questions you can contact Lana Bellmore: [lanabellmore@gmail.com](mailto:lanabellmore@gmail.com)

## CLUB VOLUNTEERING POLICY

The Red Deer Skating Club has developed a program for volunteering, to help the general activities of the club run smoothly for the winter season. The commitment is minimal if everyone contributes. A commitment of 8 credits for each Starskater and 4 credits for each Prestarskater will need to be submitted at the time of registration. Please have a look on the website and choose which opportunities you would like to select and have them ready before you register. This will help the registration process go smoothly. If for some reason you are unable to uphold your commitment to volunteer, we will simply apply \$100.00 to your account. There is also an option to select the volunteer commitment buy-out and \$100 will be added to your check out. If your commitment to volunteer is honored, we thank you for your help. The club would appreciate your volunteer time instead of your money. We can grow a sense of community within the club if we all work together.
