## Procedures and Etiquette

The following is a list of procedures and etiquette guidelines that the Red Deer Skating Club would like to share with you to help the summer skating school ice sessions run smoother.

1. The skater who is *skating to his/her solo, skating skills, or dance music has the right of way. This skater has the right of way over all coaches and skaters, including those in a lesson.*
2. *No profanity, this includes music too!*
3. *Be courteous when playing your solo by not playing it back to back if there is a line up waiting.*
4. *To help the traffic move better on the ice and keep everyone safe, please consider the following:*
  - *Coach from the boards when possible*
  - *Look both ways for traffic before stepping away from the boards and crossing the ice.*
  - *Help skaters know whose solo is playing and remind them they need to watch out for that skater.*
  - *Watch out for skaters entering a jump, especially when in a lutz corner.*
5. *The City of Red Deer requests that all skaters patch the ice before getting off.*
6. *Please clean-up after yourself in the dressing room.*

## Off Ice Info
