You are going to have a great time!!!

PreStar News & Notes

Remember to wear guards on your blades when you are not on the ice. This will protect them from getting a nick and needing to get sharpened. Please wipe your blades off with a cloth when you get off the ice. Do not leave your guards on your skates over night because they will rust. When you get home take your skates out of your skate bag so they can air out. This will help reduce odors too!!! If PreStar is a new experience for you, feel free to ask questions. We would love to hear from you!!!
