What is PreSTARskate?

Skills, Tests, Achievement, Recognition – this is what STARskate is all about!

The Red Deer Skating Club's PreSTARskate is an introductory program designed to teach the elements of figure skating. When ready, your skater can move to STARskate which offers opportunities for skaters to develop skills in the areas of ice dance, skating skills, freeskate, and interpretive skating. The PreStar program teaches figure skating skills in a group lesson format in a progressive and sequential manner and includes specifically designed awards and incentives.

QUALIFICATIONS: Skaters must have completed CanSkate Level 4 or have been recommended by one of our coaches or have attended a previous PreSTARskate program.

Skaters have the opportunity to take private lessons with any of the Red Deer Skating Club's coaching staff at any time. Please contact them directly if you have any questions about how this works.
